## **TENTH ANNIVERSARY**

Ten years ago, a few committed people decided to start the Hospice here in Sun City. At that time, Hospice was a fairly new concept - caring for the terminally ill in their own homes.

Due to the perseverance and dedication of these determined individuals, Hospice enters its tenth anniversary, having served over 800 families.

Along with L. B. Twist and Vivian Ketcherside, who originally put forth the idea of a Hospice in Sun City, were the following Charter Members:

Cliff Anderson  
Helen Argabright  
Betty Bishop  
Fred Bishop  
Lois Blum  
Marie Brill  
Alberta Bull  
Donna Cumming  
Doris Frazier  
Clara Fredenberger  
Luella Hagen  
Bob Ingersoll  
Vivian Ketcherside  
Howard Lumsden

Dr. Pat Madsen  
William Matthies  
Lewis Meskimen  
Gordon Norris  
Betty Piper  
Elsie Reilly  
Vera Rocky  
Sam Rodd  
Thelma Shields  
Tyler Sorenson  
Lenn Sparks  
Ruth Sparks  
L. B. Twist  
Jo Winder

Still volunteering today from the original group are: Ruby Hays, Donna Cumming, Lenn Sparks, Ruth Sparks and Betty Piper.

A very special thanks goes to all of these people who have helped make our Hospice what it is today. I'm sure I can speak for the Staff, our current volunteers and the many, many patients we have served, in saying THANK YOU for your contribution and caring in making this world a better place.
